

During Torture Awareness Month this June, NRCAT is joining with the American Friends Service Committee (AFSC), California Families Against Solitary Confinement (CFASC), Interfaith Communities United for Justice and Peace (ICUJP), and T'ruah: The Rabbinic Call for Human Rights, to invite people of faith to mark the one year anniversary of the historic California prisoner hunger strike.

We invite you to **submit a prayer for California prisoners who remain in isolation** one year after their hunger strike. We encourage you to submit a prayer from your faith tradition, in Spanish or English or the sacred language of your religious tradition. The prayers will be printed on cards with the intent of delivering them to men in SHU in California. For more information, go to [www.nrcat.org/OneYearLater](http://www.nrcat.org/OneYearLater)

Please write your prayer on the back of this paper as legibly as possible.
